

The results of this determination will be weighed against the county's annual housing objective to evaluate the county's progress toward satisfying its intended objectives.

- a. The number of assisted housing units constructed will be obtained from the particular federal or state agency providing the assistance, i.e., U. S. Department of Housing and Urban Development; U. S. Department of Agriculture, Farmer's Home Administration; U. S. Department of Defense, Veterans Administration; and the N. C. Housing Finance Agency.
 - b. The number of non-assisted housing units constructed, rehabilitated, or demolished will be obtained from government through tax reports, building code permits, local housing program reports, and through local finance agencies.
2. The Regional A-95 Clearinghouse Review system will be used to determine efforts made toward obtaining federal and state housing assistance.
 3. A determination of the progress made toward adopting and implementing subdivision regulations, zoning ordinances, and building codes will be made.
 4. Vance County and the N. C. Department of Archives and History will determine efforts made toward preserving historically and architecturally significant residential structures.
